Dear Sir

I am not in cir-
cumstances to back up my
prayers with money; but
may God Himself help
you in dealing with the
Southern question. You
are applying the scientific,
but what is the prospect
of improvement? What
will result from the flood
of savagery over the South?
Will the North submit to
be ruled by the ex-rebels?
How long shall negroes
be burned on suspicion &
false accusations? Is there
any strength of Northern
sentiment adequate to the
situation?

Respectfully
Rev. C. M. Damon
