Judge Albion Tompkins,

I have read your book "The Fool's Errand," have seen frequent accounts in the daily papers of your sympathy and friendship for the Negro.

You will see by the enclosed circular what we are doing. If it won't be too much of a task write or let me know some way or plan whereby we can help our race here, and also in the south. What plan of action would you advise us to take. Hoping you will reply I remain yours very truly.
