Dear Editor:

I write to explain
or give more light on the
speech I made in the City
of "Greenhill" two years ago,
would have done it even this
but have been & rivaled
even since. Now are little bet-
ter, Am now speaking in
regards of the negro ques-
tion, We acknowledge that the
negro were slave in the
1st place, was treated
worse than brutes, & humili-
ed in every respect to Ma &
Pa, to principles, The greatest
warrant to steal them I hold.

them in subjection with
Bull whip & the Musket
the gun, then persecuting
further. The generation is
ruined for ever by mixing
the color or blood, so as
they will never be a race,
if uniform any more,
further more we shall
leave that in god's hand
for he says we will never
be able to do his work. He
teaches me that, persevere
after our ancestor's labor
until death. He wants
this put before the world
to let every nation under
the globe to know we should
have recompense for mis-
treatment for two hundred
& forty five years. The next
time I speak I'll inform all
the way God intend to recom-

pense the negro, & not
raise any disturbance
among the negro or
whites of the United
State of America,
Try & see what can be
done for the poor negro
race in peace! Please
remember this poor old
negro who are well kept
with a stick if he mention
speech it will be god's
will, Virginia bred &
Virginia raised, the death
claimed him in bondage
yours obedient
