

Louisville, Ky. Aug. 31

Judge Albion W. Purcell

Wayville, N.Y.

Great and sin-

cere friend. Your communi-
 cation is heard. Yes, I had missed
 Bystander's notes from the paper to
 my sorrow but did not realize
 the cause and certainly would
 not have guessed it to be that stat-
 ed in your letter, namely, that the
 Editor objected. Had I read the
 suspension may be but for a brief
 time! What shall we do, if this
 good work must cease? Well,
 a divinity doth hedge us about. A
 divinity hopes ever with God rules;
 and all things work together for good
 to them that love the Lord and we
 expect, therefore, victory; though
 temporary defeat comes.

I have just finished and sealed
 an urgent letter to be mailed to
 Mr. Nixon that the case be
 shut be again opened that human-
 ity's appeals may be heard. I hope

hope letters and telegrams by the
thousands will pour into his
office - God grant it - and that he
may see the good he has it in his
power to do.

But should he refuse to
again hear, then other steps
must be taken. You must be
placed in charge of a month-piece
& stand ready to subscribe and to
act as agent in this locality,
where no less than one thousand
copies should come weekly.

Do not give up the struggle
& am more so than ever with
you to the extent of my very limit-
ed ability.

God spare you!

With great respect, and best
wishes for your health and hap-
piness. I am

John W. Frank
pastor.
