

Trinidad, leto. Sep. 7-93 -
Southern Hotel.

My dear Mrs Tongée.

Yours of Aug 3rd - was
mailed to me at this place, where we
have been delayed. Mr. Collins having
had his right leg broken, about four
inches above the ankle.

You can mend the noseless doll, by
making a little square peg, and sticking it
on. Your daughter can decorate it with a
little green paint to suit the rest of the
face.

We are pleased that the things reached
you with so little damage, and that
your daughter was pleased with them.

I have written about the scarf and
belts, and will write you whether they
will be sent.

The Christmas box which you are

preparing should be addressed to the
Supt. Kean's Cañon.

Arizona

Indian Ind' School.

and marked: "xmas donation" so it will
not be set aside.

Also send the Supt. a line, stating that
you have forwarded the box.

With kind regards -

Very truly yours -

Amelia K. Collins
