# Mayville M. E. Church.

*A. W. Touger*  
*Dr. Bob.*

The Official Board of the Mayville M. E. Church takes pleasure in announcing to you that the financial state of the church is in excellent condition. The obligations of last year were met promptly and with little embarrassment. This success is due largely, to the loyal support given by contributors to the weekly payment plan adopted by the board. This plan has demonstrated its superiority over all others. It enables the treasurer to pay all bills promptly as they become due, thus giving strength to the credit of the church, inspiring its workers with enthusiasm and obviating many difficulties that would impede our progress. The contributor, by this weekly method, pays his share with the greatest ease, and the Christian duty of supporting the church is made a privilege instead of a sacrifice.

For your co-operation during the past year in making this department of our work successful, the members of this board extend their hearty thanks. Our success is the occasion for mutual congratulation.

The experience of the past year justifies us in continuing the weekly payment plan, and we bespeak for it the earnest support of all its members.

Some changes in the membership require a slight increase of payment on the part of some, this increase has been distributed and the whole apportionment made in the wisdom of the board after due reflection. If for any reason you cannot assume the responsibility of your apportionment please to inform the board at once. We trust, however, that it will receive your hearty approval.

Let us begin with the year and make every payment promptly.

We enter upon this year's work hopefully.

Let us unite our toil, our benevolence and our prayers for the most successful year of our history.

Your apportionment is *80* cents per week.

Your humble servants,

THE OFFICIAL BOARD.

Mayville, Sept. 27, 1893.
