Official Board M. E. Church
Mayville, N. Y.

Gentlemen:

I have received your
assessment of 80 cts per week
for the coming year. $\frac{5-2}{3} = 1.66$ amount
ing to \$41.60, the same as last year.

Were my circumstances the same as
them I should make no objection; but
it is known to you all that I have no
property or income except my current
earnings which are less than one half
what they were last year with no very
clear prospect of increasing. You would
better place all over \$25 or elsewhere

as I cannot understand it being more than the same
