Dear Sir

Your name has been given  
me as a student and observer  
of certain conditions existing in  
the Southern States

Would be obliged if  
you could give me an estimate  
of the number of lynchings that have  
occurred in the Southern States during  
any given period. If not exact  
then approximately. If not can <sup>you</sup> give  
me the address of where they may  
be had. It seems to me I read in

some of the papers of a society  
being formed to record them  
Also if in any instance the  
civil authorities have punished any  
one for offences of this class

I am preparing a tract on a  
kindred theme and may need  
these facts Will be obliged  
for what information you  
can give on these questions  
and oblige

Yours truly  
Thos. M. C. Birmingham
