My dear Judge:

In reply to yours of the 31st Oct. I regret to say that the outlook for grapes in Ogh is not very encouraging. The market has been heavily stocked during the entire season and they have been retailing here at 18 to 25¢ per basket. The party whose card I enclose herewith, is a reliable one and they offer to sell them on Commission, charge 7%, and they are selling in lots 5 to 50 baskets or more at 16¢.

We have a new Ticket Broker in town - weight about 10⁰⁰, born to Mr. & Mrs. Geo. B. Gleason this a w. all doing well.

Truly yours, W. S. Gleason.
