Hon. & dear Sir:- I write to say that we received a letter by you to Bishop H.M. Turner of Ga. a few days ago, which he sent us for publication. The letter was read to a meeting of our ministers & citizens, yesterday, Monday, morning, and it was the unanimous opinion of all present that so instructive & valuable document should be given to the general public through the daily Press. The desire is to secure if possible, its publication in the Daily, or rather the Sunday Press of Phila. if it can done with your permission. I write therefore to obtain your authority for using it if we can in that way.

You will please kindly state whether it will be your pleasure to so dispose of it. So doing you will greatly oblige &c J. C. Embry-

I will state that we are pleased to learn

of your purpose to start a strong paper
in advocacy of justice to the persecuted
& suffering Negro. We shall do all
in our power to sustain the publication
when it shall have been started.

Very truly & sincerely yours

J. C. Embury
