Feb. 20 '63? February
Recall of time before 1863
made out at least the
nearly reports for that time?
any thing that time, etc

The individual matter from members
of the Regt is coming in slowly. Some
of it very good however and all
of course adding to the fund of
information. I am afraid that I shall have
to tabulate the whole regiment and have it
printed separately in order to get at all
the facts.
