My Dear Sir

As a student to
 promised to today send you my person
 an history of the war. I also enclose what I
 have named "The Character of Chickamauga"
 Of the first I don't feel the want of a apology,
 that it is a crude, and hastily written at
 odd hours, as I could catch the time from
 business, but you may find something of use
 to you or to others. Of the second I have only
 this to say I did it because I could not help
 it. It has been in my mind with the persist
 ence of a "phantom" for a year, like Perrigo's ghost
 "It would not let down", and in order to "let" it
 I finally committed the deed, and it to wit
 ting. Do with it all as you may see fit.

I wish you great prosperity, and hoping
 that the nation will be a complete success.

I am
 Yours truly

W. C. Criste

I will amend our previous order of one
copy of the history making it three copies instead
