Detroit, Mich, Nov 27 1893

My Dear Krummer -

I write in haste and briefly - to say that I send you today by mail the precious work of old Cousin Dealingen -

I have copied and abstracted the gemalogy it contains - which, on my return from a business trip - and which I start in a hour - I will send you for review and additions.

Thanking you for this great favor I am yours faithfully

T. R. Chase

P.S. I have a copy of the funeral sermon preached at your grandfathers burial - and from which the enclosed note is an abstract -
