

Union City Dec 18-93

Hon. O. W. Purgue

Dear sir yours with
statement at hand
in reply will say that
I have 37 baskets grapes
on my hands yet and
dont expect to realize 10.⁰⁰
a basket for them
I found ^{and appear of} to my sorrow that
Quality is looked for more
late in the season I could
only get rid of a few to
the stores when they came
and then I was taken
sick and am not well
enough to go out doors yet
have made no collections and
only had \$140 out up to me

will make a proposition to
you which I hope you will
think fair - since if I would
had good luck to get rid
of the grapes you would had
above market price -

after I have disposed of
all the grapes make my
collections in stores and know
how much they brought - then
call the grapes \$17⁰⁰ and
if I have but 12 I will
lose \$2.50 and you can
call it you lose \$2.50 I will
lose more for I hired a man
to go down town to induce
the Merchants to take the grapes
after I became sick

Yours truly
Andrew Young
