My dear Sir:

I am glad to receive the names of the Committee. I have twice written for them but must have made some error in the address, as I have been able to get no reply. I will at once issue a call for a meeting and have a thorough report on the Jail. I have seen nearly all of them and know they intend to ask Prof. how long recently died and I would recommend to be appointed in his place, Rev. ——— also

of Jamestown. I do this because I know him to be already interested in the subject.

(Over)

If you will send his designation to
me I will forward it with notice
of meeting.

yours respectfully -
