My dear Friend,
Gladly. Gladly Hallelujah,

If course it is a big
triumph, aint it -
I rejoice as much
as you can. That they
have been compelled to
yield, I have at least
heretofore I rested in
the belief that the Inter-
oceanic was a main of
the "nigger" but among the
last year I have been
prieved at its course,
may be one part
can be removed

How can you do
much more?

Yours most truly
DeWitt Over

Everybody wants to
see you in Congress.
Break-break,
The prep has left -
me in bar shape,
I play that you
may have for health
a long life I
am in deep prison,
