My dear Foyell,
See "Sira" has turned
into "Byzlaner" may
bray give you the
credit of being "Sira"
I see in the notes
of Saturday you
are still on the right-
ground and that -
you assert no victory
can come to the Republican
party, by simply making
the tariff the only issue.
If you are absolutely right
"Gron when he hits
Pitts hard" and we
have now got it - and
as you say - it is because
the party that has been

up to just-annul slavery,
abandonment the protection
of eight-million colored
Citizens from your
Command, see my article
"from rebuke to the me
leaders of the Republican
Party". We are all persons
of you, and are always
looking up your hands,

It is to be hoped you
will keep the sentiments
of the last "Byrd on our
up to the way of the next
Presidential election.

Hold on is out sh! will
buy he any more
rights

Yours truly
W. S. P.
