Dear Sir. In the InterOcean  
of May 8<sup>th</sup> you say "When ever it [the Rep party]  
has stood for citizenship and protection it  
has suffered defeat" I do not understand  
that sentence. It seems to me in that  
article you treat to gently, and pander  
slightly to Coxyism Bellamyism Georgeism  
and Populism. I want (please) to talk  
with you a little. You and I and every  
other Rep. I know of are in favor of  
equal political rights to all citizens. but  
every democrat and Populist in these  
parts, so far as I know, seems to be filled  
with hate for the Black Race,

But what is the trouble out here  
in the West? I think I can give you a  
claw. There is a conspiracy brewing - the South  
blinded to her own interest and thirsting  
for revenge has hatched another prospective  
Rebellion. And she is not going it alone  
next time. Some four years ago the  
South sent her emissaries into the  
North West for the purpose of collecting  
the cranks & dupes of that region into

a Secret Political Cathbound Organization  
 The South knew that there was a latent  
 bitterness <sup>here</sup> that would aid them in  
 this nefarious business. The scheme  
 won. The Organization was accomplished,  
 and the education of those collected  
 ignorammuses began. The beauties of free  
 trade was spread before them. Their feeble  
 intellects were crammed with stuff to  
 make them hate the East. The training  
 done. They were turned out into the  
 political field. Since which, there has  
 been a constant racket in all this  
 region. Boxeyism is a direct out-  
 growth of populism. populism is  
 an outgrowth of the late rebellion.  
 If the populists cannot bulldoze  
 Congress it is ready to fight. It is  
 eager for revolution. The East must  
 keep a close watch on the West and  
 South. We must secure the next  
 house. It may have to choose the  
 next president.

If you are not a candidate for  
 congress give an article on the above  
 lines soon. Give it in plain English.  
 In reading "Siva" (and I believe you

are he) I found it necessary to read it the second time to get the full meaning

Let me say in defense of the leaders of the Rep. party that I think they ignore political rights to let the South have time to cool off and gain some sense. If this is the case I think those leaders are making a mistake.

for the tide here ~~is~~ is against political rights. Even cotton eggs did not open the eyes of the populists.

The populists of the West are dupes of the South. When Livingston of Georgia had got through with the emissary work he went back to the democratic party

Now hoping you may be a member of the next Congress  
I subscribe

Yours truly

Jno. M. Blasky

P.S. If you have seen what is in the papers in regard to the declaration of Osburn The Pop. Secretary of State of Kan. you will see that the above statements are not over drawn
