Dear Sir

I am glad to  
read your article again in  
the Enter Ocean. I have  
missed your inspiration in  
my life.

Sometimes ago I enrolled  
myself in the N. E. R. #24224  
I have not done much expert  
talk always for Universal Rights.

I wish when the time  
comes for a new World  
Mention Tom Reed of Maine  
for President because he  
is of New England stock,  
and is not tainted with  
States Rights as I believe  
both McKinley & Harrison  
are. I suggested "Reed's"  
Name to all intelligent.

colored men in Indianapolis  
and he at once wanted  
Harrison. I asked the  
question "Why didn't Harrison  
do something to uphold law  
in order in the South especially  
in Texas. The reply was "that  
Harrison couldn't do any  
- thing because Texas was  
a "Sovereign State" This an-  
-swer came from the Indiana  
politicians who want Harrison  
I would like to see the  
next National Election  
fight on the platform  
1<sup>st</sup> of Citizens of the United  
States should be protected  
in all his rights in every  
state (Why should I abuse  
my child because I brought  
it into the world)

I suppose you will weary  
of this but I have been  
tall over this country from  
Lewiston Idaho to the Gulf  
of Mexico and back to Pullman  
Maine, it is full of fine  
people and is a glorious  
country. I want to see  
it truly the "Land of the free
