Judge A. M. Tongue

Dear Sir and Brother:

My husband and myself have just returned from a trip to Nashville where we were delegated by Gov. Cromwell to go, the Nat. Conv of Charities and Corrections meeting there. Mr. Clark, my husband is State Secy of that organization and Sept. of Resene Hall Omaha, Ne are at H. Calhoun for the summer. He came back with a great burden on my heart for the colored people of the South. Yours of June 16. Outer Ocean is before me. I wish to give you the hand of a woman who knows what you say is true. We met on a steamer from St Louis to Johnsonville Tenn. then by rail.

The deck hands on those steamers are frightfully abused. The captain himself told us that the mates think nothing of killing

them & throwing them in the river. He also said the natives could not get a position readily unless they could prove they had killed a few. The one on the steamer we were on had killed six, he said, and he looked young.

Captain K. further said he knew natives who had killed as high as 200 "niggers," as he called them. Upon my remonstrating he said they had no souls. Were simply an animal gifted with initiative powers. Having been rusticated - hi summer

I have missed the papers and do not know about Miss Wells. Will she address the English people or not? I have an address at our Mission Quarterly on Home missions in about two weeks in Onoboa and wish to make use of her name. It seems to me the blood of these persecuted neglected people will cry out against the Christians of America.

I write a good deal. An editor of children's dept. in an Onoboa paper. Wish I could aid you in some way in this noble single handed fight. He went through Northern Alabama — Georgia. I know the situation. Will be made obligations for the answer to my question. Sincerely
Mrs. A. W. Clark.
