Hon A W Tourge

Mayville N.Y.

Dear Sir

I have conceit enough to believe
that I can go ^(as delegate) to the State Rep Convention to be
held at Grand Rapids Mich if I ask for it.
And I write to ask your assistance in drafting
a short, pointed, yet not too radical resolution
regarding the rights of American citizenship,
which if I live & go, will be brought before
the Convention. Also your advice in regard
to bringing it before Convention, if ignored
or pigeonholed by Committee on Resolutions,
how best to bring it before Convention.

It seems most fitting & important that the birth State
of Rep party should take a hand in the saving
- if possible - of its life. Assuring you that I have
no personal axe to grind; I remain Yours for Justice

Charles W Perry ^{over}

P.S.

I would call your attention to
article in "Outlook" (formerly Christian Union)
of N.Y. date June 7th 1891 by Rev A H Bradford.

"Our Nation's Shame."
