June 25th

My dear Judge

I am glad to report
favorably of our boarding house.

Everything is good and
everything clean.

We shall therefore
not be ashamed to take
you & the ladies to the
table. This leaves the
invitation "as it was
before it was" if you
will go across the street
with us. Our fear

"Sale or rent" is a pre-
-cautious rather than an
absolutely necessary step.

Failure to receive money
from England makes me
cautious. Our all is
invested and the game
is simply a waiting one.

I should be much
better in mind & body
if I were busy from morning
to night. I therefore
make you this suggestion.

I will moderate any
work or department in
your new venture - The

3.0.0. for the
Sel. between the
Ladies.

Natural Citizen - which you
like to submit to me, "without
money & without price" matter
it is shown whether or not
the magazine is a success.

That will be my contribution
toward the cause of Equal
Rights, and if time proves
that that is the demand
which you think, we can
then consider any further
relations.

Mrs. Shepard & I with
kind regards to the Ladies

Sincerely
C. O. Shepard

My dear Louie,
That kitchen
is just what we'll
have to use. You
must have your
fire a fire, you
must have a
fire. I estimate
to have the
fire at you.
Thanking you again
and again and
hoping to see you
in person soon,
Affly yours,
Charles
L. Smith
Came to you.
