Dear Sir I have to day
returned book by mail,
& am obliged to you for
the pleasure of reading it.

It throws light on
some things concerning
antislavery advocates &
advances, ^{views} in exact accord-
-ance with my own on many
points, but on others I believe
I am sadly mistaken, or else
I am woefully beside myself
& in darkness on 'foundations'
& grounds of hope for men and
peoples, A volume only would
suffice for me to free my mind
on a few of the points
Yours sincerely Tho. Green
