Mrs Tongue

Dear madam

Your letter in reply of mine of the day at hand and in which you say that you gave Mr. Turnant your order for coal at the rate of \$4.75 per ton. Now all I ask is \$4.60 per ton in lots of ten tons or over so that you are paying him 15¢ per ton to receive for your coal. And it seems fair that you should make him furnish you coal at my price.

The above price I guarantee for this month

Yours truly
M. J. Carlson.
