

Dartmouth College,
Hanover, N. H.

Dear Mr. Shepard,

Mr. Shepard's letter
has just reached me.

I leave for New York
tomorrow and shall be
at my office on Thurs-
day, Aug. 2^d only,
going then to my country
place at Southampton,
Long Island. I do
not expect to be in
the city again before

middle of September
unless there should
be a number of
patients who wish to
see me sooner, when
I may go to town
for a day for that
purpose.

If your friends are
in haste, I suppose
I could arrange for
an appointment on
such an occasion,
during August.
If they will write me

that wishes to Smith anything
I can communicate with them
directly. I have had & enjoyed much of
Fudge's surprise books.

I hope you are as well as
when I last saw you with
kind regards

Sincerely,
Yours,

Samuel S. Knickerbocker.
