Miss Tourgee: Mayville. N. Y.
Dear Miss -

Yours of the 3rd
inst. at hand and in reply will
say that I am surprised + sorry
that the box of candies you
received from us on the 3rd was
not fresh. I am surprised because
I do not see how such a thing
could be - Our bonbons + chocolates
come direct from our New York
factory and the time which has
elapsed since their arrival has
not been so great that would cause
the candies to become stale - I can
readily see how a few of the
chocolates could have a gray
appearance, as you must
understand that it is next
to impossible to keep chocolate
from turning in the summer
time - especially during the
decided hot days of last week.

I do not understand that
part of your letter where you
say you "know what delicious

BonBons they are when freshly made,
as the box sent you was filled
entirely with chocolates - no Bonbons
at all - unless the girl in packing
mixed your box with someone else's
to be sent by Express. We shall
Express you today another box of
chocolates - at our expense; and
wish you would forward us the
box of Candies you have - collect -

We are very sorry this has
occurred and trust the Candies we
send you today will be satisfactory
in every respect.

Yours truly,

Kuyler's

H. J. Arnold
