My Dear Friend

Today the  
payments have been made  
out for the two thousand  
dollars mentioned in my  
last letter. The interest  
to be paid semi annual  
at six percent I am to have  
the money on Thursday of  
this week and will send  
it to you. All I ask of  
you is to pay the interest  
while I live. The principal  
I give to you to use as you  
think best for the needy.  
Love to you all me C W Burnett

Q Probably you may  
think it not a very safe  
way of doing business  
to sign writings of that  
amount and wait 7 days  
for the money. I am  
thinking a little that  
may say self all things  
considered C. B. B.
