Mrs A. W. Gourge

Dear Madam

The Crawford's that I can  
recommmend will not be  
ripe under eight or ten  
days there are a few  
prematures now rip  
but I do not think you  
would be suited with  
them however if you  
would like some early  
peaches we have one  
now the first free stone  
and a white fleshed  
peach which I can  
ship if you desire  
if I do not hear from  
you before I will inform

you when the Crawford's  
are ready which as  
I said will be in  
eight or ten days  
Your resp.
