Ransomville Aug. 31. 1894.

Mrs A. W. Tourgee

I think I can ship you some peaches about Tuesday next.

The agent here at the station informs me that it does not make any difference at which end of the route the express charges are fixed they will be the same about 40¢ or $1.00 per hundred pounds which makes about 10¢ per basket and good first class stock is worth from 75 cents and other grades down to 40 cents.

Let me know how many
subjects you will want
and I will send the best
grade as I can will prove
most satisfactory I think.

Yours truly
