8032

The current expense of Wayville M E Church for the Conference year beginning Sept 15th 1894 will amount to $1039.00. The Official Board has very carefully made an apportionment of the expenses among all the Members of the Church and in so doing, the financial interests and ability of the Members have been duly regarded. We earnestly requested that each apportionment be met promptly every week, thus saving the Church from embarrassment and insuring a successful year of prosperity. Your apportionment is 40 cts per week. If for any reason it is unsatisfactory please notify some Member of the Board of Stewards at once and your case will be reconsidered.
