Mr. Talbert

Dear Sir

Should you send me some grapes this year it must be at your own risk — will dispose of what I can at 2 ¢ pr basket for commission they will only bring 7 pr small and 16 pr large basket in market now, but the market is very uncertain if no grapes are brought in one can get more, but I will not be surprised to see large baskets retail at ten cents off from wagons (not in stores) this fall would not sen more than 25 baskets at a time. I of course would get all that was possible

Truly yours

Andrew Young

P. S the Expence getting grapes from depot (N.Y. P & O.) would be about ½ ¢ pr basket
