JAMES HAYR, LEVI T. SCOFIELD.

Cleveland, O. September 28th 1894

Judge A. W. Tourgee

Mayville, on Chautauqua, N.Y.

Dear Sir:- Last fall, when my wife returned from Warren, where she met you with the other veterans of the 105th O.V.I. She told me that you had a project which you hoped to carry out sometime, of placing on the Monument of your regiment at Chickamauga, a figure of a Yank going over the breastworks. As a matter of recreation I sometimes break away from my work on buildings, and retire to my studio, where I amuse myself with the work of my youthful training; and it occurred to me that I might help you out, if you intended to push the project any further, and make the sketch model which is represented by the accompanying photographs. If you attend the next reunion, show this to

Col. Perkins, and some of the others, who are artistically inclined, and see what they think about it. The cost of making this in bronze about 7½ or 8 ft. high (their size) would not be very much in excess of the amount the state allows for such monuments.

Of course in enlarging any changes could be made that might be desirable.

Let me hear from you if you think it worth while to give the matter any more attention.

Very truly,

Lucius T. Bigelow.
