Mr. Youngs

Dear Sir,

We are two ladies from Dakota Terr. We have material for the biography of our father who lived and was active politically in Mo. against the ruling Democratic power all his life - died in 1879 at the age of 75 years. We are anxious to have a little of that spirit known in the history of

CHAUTAUQUA COUNTY HISTORICAL SOCIETY 2013

that state, and feel
that a biography of
our father if truly
represented would
be the finest heritage
that might come
afterwards to
Emily the whole
family. Enclose
copy of letters from
Dr Neale & Mrs Dawson
to whom we have
our materials, and
hope to hear from
you in regard to the
authorship of the
book.

Can you please give me
interview and book
immediately over our
lines? We would
like to have someone
who could give us the
setting that you
mentioned. We could
also. Are there any
course you know, as
one of your known
friends, a biography.
He is too much over
tired to undertake
the work. Can we see
you soon for a short
time? We are on

our way home and
are anxious to get
this matter settled.
We can give references
for reliability, finan-
cially and otherwise
both in this City, St
Louis Mo. or at our
home - Address
please
