The Inter Ocean.

Chicago, Oct 13th 1894.

Dear Mr Jaques

I have carefully read your letter and can fully sympathize with you. One can better sympathize with others when they know the Single Road from experience and the fusion the more experience the better. In making the reduction I wrote you about before I can honestly say that two or one do for a quiet. I will continue at the old price for October but after that will have to cut it in two as I wrote before. I have before me the Reductions to make that are painful. I write in haste as Mr Busbey is off on his vacation and I am on double work

With best wishes

Yours truly

Wm Penn Nixon
