a little home-sick and
wants to go Dillayville
when she leaves my
hospital. I doubt not
that she can do every-
thing there about
the neurologick and
I shall prescribe
for her, and I will
give her a written
schedule of conduct
and treatment to go
by at home.
I thank you very
much for the copy
of "Outing" you
sent me, mail, and shall learn
it as a manual of a meeting
with two very pleasant people
and I trust I can render it
real, after a little time.
Friendly Yrs
