Dear Comrade

In the way of an experience in the war. Corpl Henry E. Finney Co. I. 105th O.V.I. Concluded to tell a story will worth writing up. He was taken prisoner at Chickamauga on the 20th. Was taken to a prison in North Ca. After one or two others escaped, made their way into our lines on Atlantic coast. When they left camp through stooping to get something to eat they were recaptured. Afterward, while being transferred from one prison to another Finney & one Hudson escaped while train was in motion, and after a rainy night succeeded in reaching our lines in Kentucky. Again this outfit from running they were in the two attempts they had many escapes and much suffering. I do not know

What has become of Tommy Lashbrook
Jim was in Jamestown about 1878 or 9.
I believe he is yet living. Your Souvenir for
the reunion is an excellent thing, and I
prize it highly. For the Eliveracy of the 104th
One reading the story of "1000", one of like it
so far, and expect to do so to the end.
One will, and forty busy. At present we
are not pressing sales of our letter, as this is
the month when the Tax Collector is abroad
in our land, and many citizens feel poor
just now. We are going there a visit but
in Jany next will again more than likely
Trusting you are enjoying good health,
and able to gather up some of the good things
of life as you go along, and with kind regards
to your wife and daughter whom I hope to
meet sometime, I remain

Respectfully yours
