CHAUTAUQUA COUNTY NY HISTORICAL SOCIETY 2013

In regard to the Sammler
affair I feel it was an
imposition for me to settle
for without I wanted to tell somebody
Other matters in town were
advertising money to loan at
6 per cent & no charge for loaning
the fund would hold him may
good security for the one I owe
if there was not a Building
on it The Buildings are
are not costly but the
Land is valuable
Only one farm within that
4 the so called Luminath
Heaven A mantiful place
I have had considerable deal
ing with with Mr P & at one
time came very near reporting
Him & his son & would have
done so had he not righted
the wrong When I get him had
this time I shall have no
more to do with him
There was nothing said about
semiannual Interest But by
the number of notes I knew
it must be that He is very
carefull When the Italians
were lynched at New Orleans
the Republican Reporter went
around taking notes Some
said kill all of them good enough
a few said Rose is all wrong
but Parmelee says
it does seem as if something
had to be done Was he
Interviewed for the Basis
I gave him one & said you
will help this along surely
I have found some of your
envelopes that I did know I had
Dear Love to you & yours
Hope this will find you prospering
