WILLIS H. TENNANT,
ATTORNEY & COUNSELOR AT LAW,
MAYVILLE, N. Y.

January 8"1895.

Dear Judge,-

Mr. Fisk was just in and informed me that the Bank has had a meeting and the necessray resolution adopted and it is ready to subscrib but they are waiting for you to come in and arrange the security and sign a pledge that you will transfer to common stock to the Bank as soon as you are in possession of the same. Mr. Fisk understood that you desired Mr. Minton to come down, and he so informed Mr. Minton, but he does not seem inclined so to do, but wants you to come up, bring the policy and put the matter into shape before he can sign. As I suggested the other evening when I last saw you-that it would not take an hour to hold the director's meeting and fix every thing up so they can sign. Now we are as anxious that the arrangement between you and the Bank be closed without delay as you were to send on the note, and I hope before 3 p.m., today the matter will be closed as far as the Bank is concerned. Mr. Fisk seems a little depressed and I hope he will not be permitted to get discouraged. Trusting the matter will receive active effort on your part I am very sincerely yours.

Willis H. Tennant
