I was always satisfied that it was incompetence that got us in backwards and I shall always feel that it began to manifest itself when it was discovered that we were going on to the line with empty guns

I have shown the Fac No to some of the 13th Mich boys who were in woods Sir Also to the 2d Mich Cal who were going to the rear just before we went in to line they new our position and knew what we would have to face they all think you have done every one justice Comrade I will not take any more of your time on ans at your earliest Convenience will oblige Yours in F.C.&L.
