Mt Clemens Mich July 7/95

My dear Judge

Your letter of the 2d rec'vd by me yesterday - I enclose herein my check on 2d Nat Bank Akron for $1.000.- being for your note of June amount payable in one year - which you endorsed - This ck will be remitted without cost if sent direct to the bank - You can send it either through your bank or personally -

My wife & I are very pleasantly located here, where we will probably remain for ten days longer, whether I will get any benefit from the baths or not I cannot yet say, but will in any event have the benefit of

a rest. I have read with a great deal of interest your conclusions as to how our regiment got off the field of Chickamauga while they are somewhat at variance with the conclusions that I had formed from what I had afterwards learned I have no doubt you are right. You are certainly from all the information you have gleaned from personal knowledge better informed than anyone else could be - when I get home I will get a map of Chickamauga field & follow you, - It is very singular how our recollections of events often differ from facts when closely looked up, especially when a length of time has elapsed - Hope your sick people are better

Yours Sincerely Geo. T. Perkins
