Sta. A. Niagara Falls, N. Y.
March 18, 1893.

My dear Fouraee:

Accept thanks for your kind letter. Regents' examinations last week kept me from answering sooner.

On Saturday evening last a few citizens, - myself of the number, - met at the rooms of President R. C. Coe of the DeVaux School, to consider the propriety of organizing a club, having an object somewhat similar to the Liberal Club of Buffalo.

The plan proposed may be outlined thus: after a light banquet, to enter upon the discussion of topics pertaining to the municipality, the state, - science, religion, etc. Meetings to be held about four times a year.

CHAUTAUQUA COUNTY NY HISTORICAL SOCIETY 2013

Members of the club to be from among citizens interested in such topics, and having some prominence in the community as business men, professional men, etc.

I have the honor to be chairman of the committee of organization which will meet next Thursday evening to outline the plan definitely.

I make mention of this, because our club will be, in another way, following out some of the working lines of the Oasis.

Under a separate cover I will send my photo. Did you mean that I should send you a sketch of my quiet career?

Yours truly.

Thos. B. Lovell
