Dear Judge:--

Yours by special delivery at hand.They did not have a single copy of the News of yesterday left at the office, but I will pick one up somewhere on Monday and mail to you. I obtained permission for entry at pound rates from the postmaster this afternoon, so that we are all right on that sco re. The Basis is taking well. We sent several copies to all the newsdealers yesterday and to-day that have all sent for more copies---from 20 to 25 each. That first office subscriber yesterday, to-day brought in a new one for a year. Everyone is enthusiastic. I tried to see Mr. Carey to-day but could ~~fix~~ not find him. Have made arrangements to see him Monday morning. We have another man whom I shall find out about Monday who wants to go to places like Batavia, working strictly on commission. I will hurry all the printed matter to you and also some more wrappers.

The initials I have put in hand of engraver.

Sincerely yours,

S. McGerald & Sons
