My dear Judge Tourgée:

Mr. McGerald sent me word that you would not be in Buffalo until Wednesday; I regret the cause of your detention, and hope your indisposition is slight.

I write especially to say that I saw Mr. Wood yesterday for a few minutes at Church. He returned last Evening to Utica but will be in Buffalo on Thursday morning. He requested me to send word to all the men who have been concerned in "The Basis" that he would meet them on Thursday afternoon

at his office at 4:30. I have sent a note to each one of them. Whether you meet with them or not will be for you to decide, my judgment is that a perfect understanding is better reached by all parties, when every one is a party to the understanding; and personally, I should hope you would attend the meeting. But if not, when you come

I am
Yours Cordially
Thomas R. Proctor.
