My dear Wife:

There is nothing special to report. They have received seven votes. Nine yesterday's report. The matter is getting on well and they are getting in some "ads." Our Williamsville man is in the city at work. A man — on Hamilton — has been found who "owns it out for what it said about Cleveland and Protection.

One of the suits from Michigan — Tariff — carries this suit — to the Supreme Court of the United States and he will not recover — too much free silver and monopoly. You see they are both sailing smoothly. Hard of Mississippi was among them.

Nothing of interest — here.

Yours
