My Dear Judge Tourgée =

Your letter telling me of your illness came yesterday afternoon and distressed me on your account. Of course I hurried down to copy at once and it goes with this by the Tuesday boat and ought to be in McGrath's hands early Tuesday morning at the latest. I will furnish such copy as I can each week, and beg that you will not worry so far as my department is concerned. If you have any books for review or papers touching on my part of "The Oasis" matter, you would do well to mail them to me at the above address. I will send next week a notice of a book send me by the Editor of The Literary World for notice. It is in an infirm municipal Government.

With earnest hope for your speedy recovery I am Yours Cordially

Thomas R. Slicer
