Gentlemen;

I received a letter from Judge A.W. Tourgee dated April 17th in which he said ten copies of "The Basis" would be sent me to be sold and paid for at Agents rates. Said copies never came and I have been wondering why? I have been in the Association (now Deagan) about 4 years and while I am a poor man without money to contribute to its welfare I am desirous of being of some use and had spoken to parties who promised to buy copies weekly. Now if it is contrary to your will, or your rules to send out copies to be sold in that way kindly inform me at once, or did you not get the Judge's request
