DRY GOODS & CARPETS.

Detroit, July 2, 1895

Dear Mr Fouque.

Answering your letter last evening. I will not go to Jackson. I had forgotten that there was to be a convention of any kind, and was of the opinion that the Jackson affair was a sort of dry affair — money making. Grau is a pretty nice sort of fellow — he doesn't like me — and I think he will return your manuscript. He is one of the brightest fellows connected with that element.

I don't think much of that idea concerning the Basis. I will write you about it in a few days — as soon as I can crawl out of the work here.

Yours respectfully

Wm. H. Anderson
