School Department.

High School,

Syracuse, N. Y., 11 189 5

My Dear Judge Burgh:

More than a week ago I wrote you, accepting your invitation to edit a Boy & Girl Citizenship Department for the Boys. To the letter I have no reply, unless the sending forward of several issues of the paper is meant for reply. But they do not furnish me with any answer to my query as to when you want me to begin; as to the 12 forenoon plan sent you, no answer has been sent for I have abandoned it, considering that I can do better. I speak within bounds, I think, when I say that scarcely a man in the State has had such wide & intimate association with young people along the lines of civic study and life as I; and as I have lately read

School Department.

..... School,

Syracuse, N. Y., ... 189

in the Basis that there is only one man of whom you know (and he a Canadian) who can properly Edit a Young Citizenship Department, "Actually I have a mind" to see if there is not one Business of whom the same may not, by + by, be justly affirmed.

So, a few lines, if convenient, before Tuesday next, at which time I hope to start for a Vacation of Two weeks.

Sincerely Yours,

W. C. Beckley - (Gamma '70 Phi)
