I received your letter a few days ago in regard to that place you say it is rented to a Mr Brown He does not live on the place does He and could we get possession this Fall so we could put out some wheat — that is what I would want done. The Buildings are not very good I suppose you know and the place has been run pretty hard is $1.000 the least you could possible take for it Please let me know and do the very best you can by me and we will pay for it as fast as we can if the House and Barn is so we could use it for a few years without
