Dear Sir

I send again another of my coarsely written articles, from the Baraboo Republee of 7th inst - I send, as I said before, to advise you that I am trying to do what I can to help on with the cause you are so ably advocating. Please do not feel called on to publish my sendings, because I here contribute, but do so only as in your judgement it may be of service - I am for a few days "sister" camping out, at the Lowe Hill Assembly and write with a pencil, not having the pen + ink convenient -

Yours Sincerely
Fred. H. Williams

my thanks for reproducing former article -
